| 5:15 p.m.               | <b>Evaluation and Certificates: Adjourn</b>  |                 |

---

## **Additional Instructions: Extremely Important**

You are responsible for making certain that your attendance is appropriately recorded. Please check with the onsite coordinator for following items:

- **Course Sign-In Sheet**: Must be initialed by attendee each day.
- **E-mail Address**: The CME certificate can be mailed. Please provide a mailing address if no e-mail is available, however, our primary form of contact is electronic. Verify your e-mail address upon sign-in.
- **Course Evaluation Form**: Please complete an evaluation for each day.
- **Case Log**: Extremely important! Each must be recorded by each physician on the Case Review Log located in the course workbook. **Please make a copy of the completed form from one workbook and return it to the program coordinator for permanent record in the Office of CME.** If there are any questions from the SCCT about the cases reviewed, this log will serve as proof of review.
- **Instructor Signature**: Be sure to have the course instructor sign Page 10 of the SCCT Level 2 Verification form in the last section of the course workbook. SCCT will not give physicians the Level 2 certificate without the course instructor's signature.

If these items are not completed correctly and returned promptly, the Office of CME will not be able to provide CME credits or assist your physicians with the SCCT Level 2 Verification. The credentialing bodies are very strict about getting all correctly completed paperwork.

We appreciate your extra attention to these details!
